PROFILE

First Class Computer Science graduate with hands-on stock management and order fulfilment experience. I'm very comfortable with both manual work and IT systems and spreadsheets, and I enjoy efficient and methodical work.

SKILLS

Microsoft Excel | Stock Management | Picking/Packing | Equipment Maintenance | Highly Organised | Italian (Native) | English (Fluent) | UK Driving Licence

RELEVANT EXPERIENCE

Production Roaster – Trading Post Coffee Roasters [Oct 2021 - Dec 2023]
Started as production assistant, then production roaster.

- Worked out daily and weekly production requirements from orders and current stock, coordinating with the rest of the team to make efficient use of available stock.
- Maintained equipment across 7 sites (plus clients).
- Maintained and improved Excel spreadsheets used for internal stock and order tracking.
- Fulfilled web (Shopify) and email orders end to end: packing, labelling, shipping, and local delivery via cargo e-bike.
- Trained both internal staff and clients.

Past hospitality roles – WatchHouse, Sendero, and others [Sep 2016 - Sep 2021]

- Worked in high-pressure, high-standards environments in various roles (front-of-house, kitchen, barista/bartender).
- Built rapport with regular customers, handled complaints and de-escalated issues.
- Helped hire and train new staff.

OTHER EXPERIENCE

Freelance AI Data Annotator – DataAnnotation [April 2026 - Present]
Occasional, task-based freelancing work.

- Evaluate, compare and rate AI model responses.

Software Developer – Unusual Technologies [Oct 2024 - Nov 2025]
Started as a freelancer, then summer intern, then developer.

- Developed a game and a platform to connect and negotiate project details with clients.

Student Mentor – University of Sussex (PAL) [Sep 2024 - Jun 2025]

- Provided academic support and guidance to peers within the informatics department.

EDUCATION

BSc Computer Science – University of Sussex [Sep 2022 - Jun 2026]

First Class Honours
